PROFILE

I'm Mohammed Anfas, a Creative and passionate UI/UX designer and front-end developer with a flair for crafting intuitive, visually engaging, and responsive digital experiences. Skilled in transforming ideas into functional designs through clean code and modern design principles. Eager to innovate, adapt, and bring fresh ideas to every project.

EDUCATION

DIPLOMA IN UI/UX DESIGN, *Techno Dot Academy Of R&D&I*   2025 – 2025

Bachelor of Commerce (BCOM), *Calicut University*   2022 – 2025

Professional Experience

UI/UX & Front-End Developer,   07/2025
Febno Technologies, Kinfra Techno park , Kakkanchery   Malappuram, Kerala
Web Developer & UI/UX Designer specializing in responsive interfaces, modern web design, and user-focused digital experiences. I design visually clean layouts and develop high-quality, optimized websites.

- Designed intuitive UI layouts, wireframes, and prototypes for multiple web projects.
- Created modern, clean, and accessible interfaces with strong visual hierarchy.
- Built and deployed fully responsive websites and applications.
- Converted complex UI/UX prototypes into clean, functional front-end code.
